Overview

Ready-to-Build Development Opportunity

Build on one of Montrose's most visible parcels along the city's highest-trafficked commercial corridor (29,000 VPD). South Townsend Avenue is the retail hub of Montrose and the surrounding region. With minimal competition from neighboring communities, the corridor draws shoppers from towns near and far - a reliable magnet for consistent retail traffic and a desirable location for other uses.

This parcel is contiguous to the [Connect Trail](#) which runs along the Uncompahgre River and connects users to parks throughout the city, including to the [Montrose Community Recreation Center](#) (.5 miles away) and [Riverbottom Park](#).

Site History

The parcel originally featured a 6,260 SF building with a drive-through. It was home to a local bakery, a national pizza franchise and two professional offices until an accidental fire destroyed the structure in September 2009.

The original foundation remains in place today. In 2015 and again in 2019, two independent engineering firms evaluated it and found it in good condition, within normal tolerances, and suitable for new construction. One of the reviews tested the feasibility of a 2-story, ~12,000 SF rebuild - nearly double the original envelope - and recommended supplemental support for the larger building size.

With all utilities on site and drive-through capability, the parcel presents an excellent opportunity for infill redevelopment.

Highlights

- High Visibility - S Townsend Ave Frontage
- 29,000 VPD
- Drive - Through Ready
- 40 Parking Spaces
- All Utilities at Site
- Existing Pylon Signage
